**eng.majuasiamas@gmail.com**

**EMPLOYEES** : **5 persons (MANAGEMENT)**  
**6 persons (FABRICATORS & MANUFACTURING)**  
**6 Persons (SITE INSTALLATION TEAM)**

# ABOUT US

Maju Asiamas Engineering Sdn. Bhd. was established on March 2022 with new partners and a revamped management structure from the previously known Maju Asiamas Sdn. Bhd. (April 2013). Prior to forming a private limited company in order to cater our growing customer base and provide professional services, we used to operate under the name of Poly Fabricate Enterprise (September 1996).

We specialise in the field of engineering plastics manufacturing and fabrication as well as the industrial fiberglass sector. In the early days of our establishment as Poly Fabricate Enterprise we mainly focused on the fabrication of custom PVC/PP/FRP tanks besides providing installation services. As we grew a larger customer base and our local economy grew, we expanded to Maju Asiamas Sdn. Bhd. and focused more on engineering plastics fabrication (PP/PVC/HDPE/PVDF/Acrylic/PE), fume hood/chemical cabinet and laboratory furniture manufacturing, LEV systems design & installation, Wet Scrubber System and Carbon Filter Systems. Besides the above, we still do fabrication and manufacturing of FRP products mainly tanks, scrubbers, sedimentation tanks and a wide range of other custom products.

With a cumulative experience of over 25 years of continuous learning and growth in the industry, we are proud to call ourselves the plastic fabrication specialists. With our extensive time spent in the industrial sector, we could assure you we will provide you the best designs to meet your standards as well as various international standards with the most reasonable prices in the market. With ever-growing technology, we have also integrated various new, methods of production and manufacturing to meet the global standards and are dedicated to adapt to newer technologies in order to provide you with better solutions.

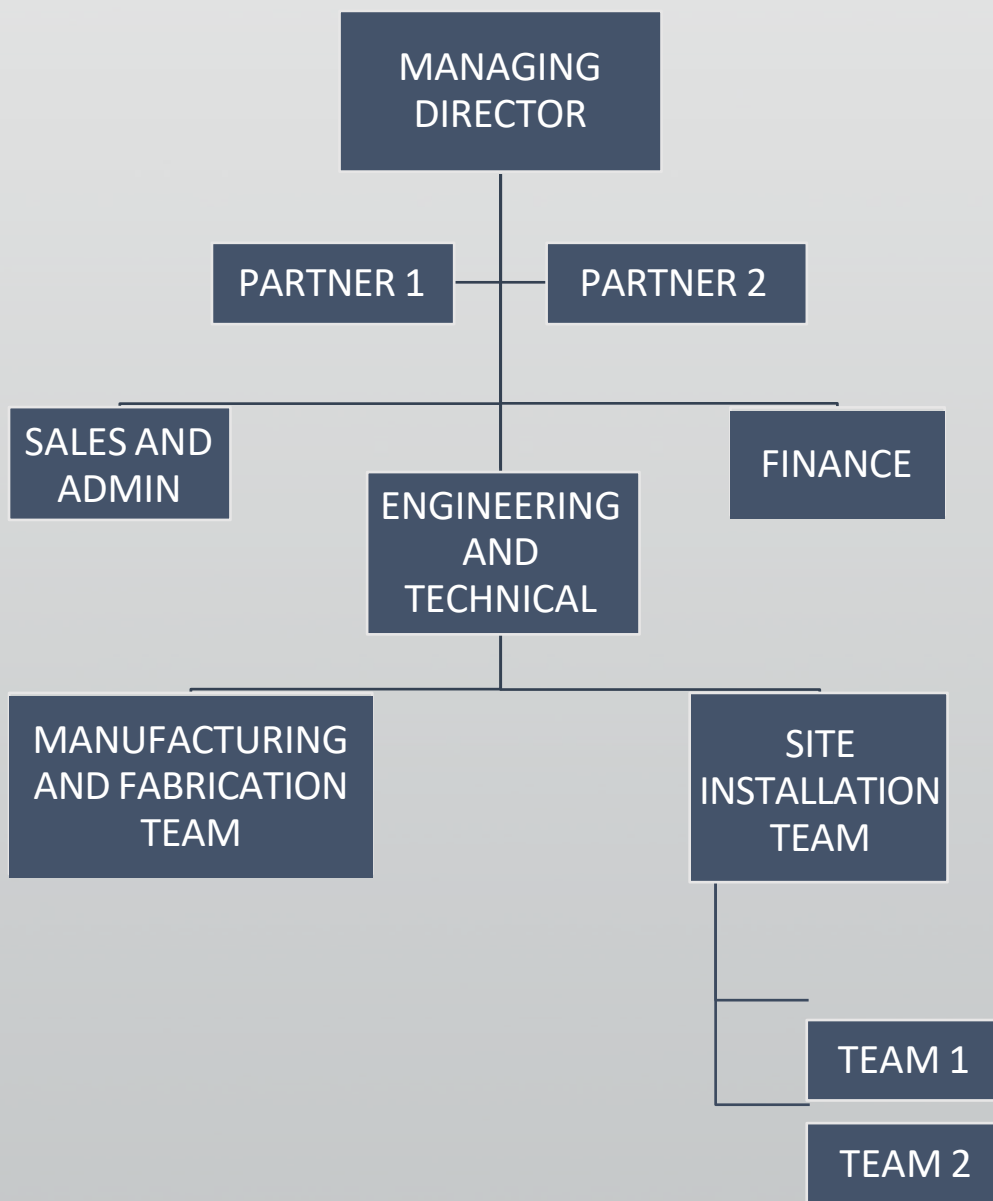

## VISION

Become the leading company in the plastics fabrication industry as well as our current market of laboratory products and revolutionize this company to have the strengths of a big company combined with the leanness and agility of a small company.

## MISSION

Our mission is to be the leading innovator, developer and provider of general laboratory products, fume exhaust systems, and services. As a team, we will achieve aggressive growth and offer a fair return for our shareholders. We will accomplish this by exceeding the expectations of our customers while conserving resources and preserving the quality of the environment.

# STRUCTURE

# OUR MARKET

## HIGHER EDUCATION / INSTITUTIONS

- Universiti Teknologi Malaysia (UTM), Skudai
- Universiti Malaysia Pahang (UMP), Gambang
- Universiti Teknikal Malaysia (UTeM), AyerKeroh
- Universiti Putra Malaysia (UPM), Serdang
- Universiti Islam Antarabangsa (UIA), Gombak
- Universiti Malaya (UM), Petaling Jaya
- Universiti Kebangsaan Malaysia (UKM), Bangi
- Universiti Tunku Abdul Rahman (UTAR), Kampar
- Universiti Teknologi Petronas (UTP), Tronoh
- Universiti Teknologi MARA (UiTM)
- Xiamen University (Sepang)
- Malaysian Matriculation Colleges
- Nottingham University, Semenyih
- KPJ Healthcare University College
- Kuantan International School
- Global Indian International School
- Uplands School
- Government School (SK & SMK in Perak)

## CHEMICAL/PETROLEUM PLANTS

- Lotte Chemicals
- FGV IFFCO Oil Products
- Allnex Resins
- SGS Malaysia
- Petronas Lubricants
- Imaspro Corporation
- Ancom Berhad

## RUBBER / HEAVY INDUSTRIES

- Eastern Steel
- Sena Diecasting
- SGB Malaysia
- Hartalega
- Sun Rubber
- Top Glove Malaysia
- Sentiex Malaysia
- Allnex Malaysia
- Ansell Malaysia
- Getahindus
- Kato Manufacturing Malaysia

## MEDICAL FACILITIES / R&D LABS

- General Hospitals in (Perak, Selangor) -
- Gov. Dental Clinics (Johor, Perlis & Kedah) -
- Petronas R&D Bangi (PRSB) -
- Gribbles Lab -
- KPJ Hospitals -
- KA Lab (my) -
- Fire & Rescue Lab -
- SIRIM Malaysia Lab -
- Mérieux NutriSciences Malaysia -
- Eurofins NM Laboratory -

## ELECTROPLATING INDUSTRIES

- Osaka Vacuum Chemicals -
- UEDA Plating -
- Kemuning Electroplating Park -
- Auto Global Parts / New Hong Fatt -

## FOOD INDUSTRY

- Givaudan Flavours and Fragrances -
- Flavor Inn Corporation -
- MAC Foods -
- Gourmessa -
- Nestlé Malaysia -

## ELECTRONICS/SEMICONDUCTOR INDUSTRY

- Micron Semiconductors -
- On Semiconductors -
- Jabil Circuits -
- Nexperia -
- Freescale Semiconductors -
- NXP Semiconductors -

# OUR PRODUCTS

GENERAL PURPOSE FUME CHAMBER  
PERCHLORIC ACID FUME CHAMBER  
DUCTLESS FUME CHAMBER  
WALK-IN FUME CHAMBER

LAMINAR FLOW WORKSTATION  
DOWN DRAFT DUSTING WORKSTATION  
UV (GERMICIDAL) WORKSTATION

ACRYLIC MINI HOOD  
CANOPY HOOD

ACID DIPPING TANK  
CHROMING TANK  
NEUTRALISING TANK  
CHEMICAL CONTAINMENT TANK  
CLARIFIER TANK  
SUMP TANK  
AERATION TANK  
WATER TREATMENT TANK

WET SCRUBBER  
MIST SCRUBBER

CYCLONE DUST COLLECTOR  
BOX DUST COLLECTOR

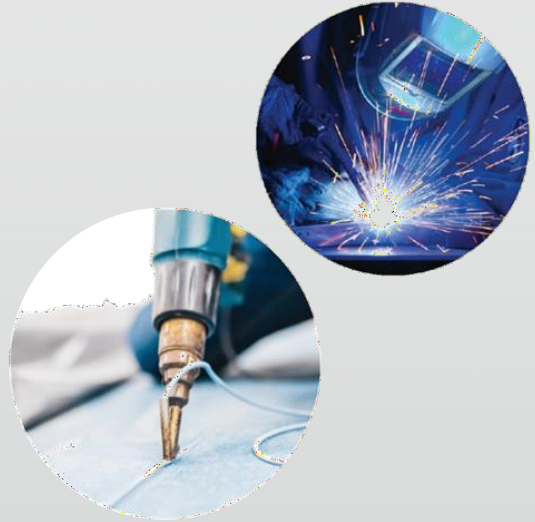

CHIMNEY ACCESSORIES  
DUCTING ACCESSORIES  
AIR FILTRATION ACCESSORIES

PP LAB FURNITURE  
MILD STEEL LAB FURNITURE  
LABORATORY CABINETS AND CHEMICAL CUPBOARDS

# OUR SERVICES

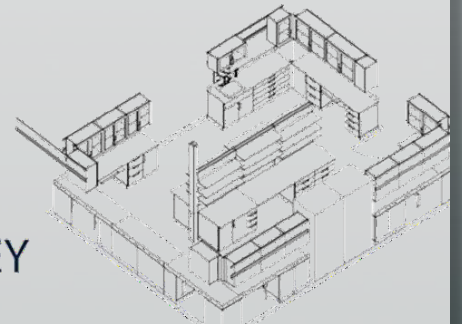

## CUSTOM DESIGN, FABRICATION AND WELDING OF:

- POLYPROPYLENE (PP)
- POLYVINYL-CHLORIDE (PVC)
- POLY-ETHYLENE (PE)
- HIGH DENSITY POLYETHYLENE (HDPE)
- POLYVINYLIDENE DI-FLUORIDE (PVDF)
- FIBER REINFORCED PLASTIC (FRP)
- STAINLESS STEEL 304 (SS304)
- MILD STEEL (MS)

## LABORATORY DESIGN

- R & D LABS
- QA LABS
- ANALYTICAL LABS
- BIOMEDICAL LABS
- CLEANROOM FACILITY
- MOBILE LAB (CONTAINER TYPE 20FT, 40FT)

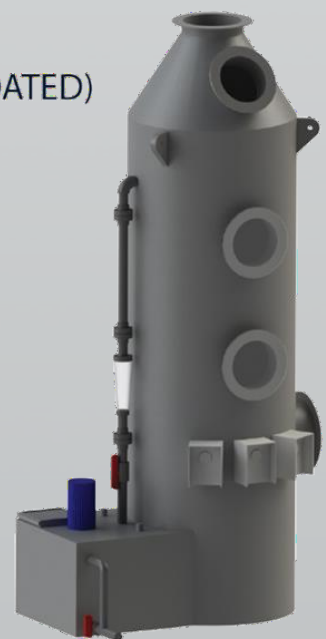

## LOCAL EXHAUST VENTILATION AND CHIMNEY

- DUCTING LAYOUT DESIGN
- PERIODIC MAINTAINANCE AND MONITORING  
(FOR FUME CHAMBERS AND SCRUBBERS)
- DUCTING INSTALLATION SERVICES
- LARGE CIRCULAR DUCT MANUFACTURING (PVC/FRP COATED)
- DOSH SUBMISSION
- DOE SUBMISSION

## SCRUBBER DESIGN AND SIZING

- PP/PVC/FRP LINED WET SCRUBBER
- MIST SCRUBBER
- DOSING PUMP W/ INTEGRATED pH REGULATOR
- PP PACKING ROSETTE RING  $\phi 75$
